

River Campground Scene of Labor Day Activities

The beautiful Saskatchewan River Campground that was developed by the Chamber of Commerce for the canoe race held July 8th will be in use for the Labor Day celebration. Unseasonable rains turned the campsite which had been the site of a lot of planning and volunteer labor on the part of residents of Drayton Valley and district in a quagmire at the time of the Whitewater Canoe Race, but it is now dry and in good shape for summer closing festivities.

On the planning, board of the Chamber of Commerce Campground Committee, led by Chamber member Bob Covey, in addition to the committee and staff, which were listed last week, and a reprint of which is issued this week, is the following roster of events:

Canoe Jousting, Horsehoe Tournament, Cross Country Race (starting at Drayton Valley and ending at the River Campground) Log Rolling, Bingo, Pony Rides, and for the inner man, a Barbecue is planned. A Bonfire and sing-a-long will wind up the day.

FOR SHARPER PICTURES STEADY DO IT

You're proud of that last roll of film you shot. The kids looked great and so did the pictures you took down by the lake. They were good snapshots, the family really got a kick out of them.

But you noticed that several of them were not as sharp as the others and one or two were blurry. You wonder, "how come, I didn't change a thing!"

Now think out of ten you can blame that fussiness on an unsteady camera or "failing" the shutter release button.

Camera movement, that motion of the camera during the moment of exposure can spoil an otherwise delightful picture. This is why photographers should make a habit of keeping their camera steady for every picture.

Here is how to avoid amateur photography's most common error. In general, eye-level still and movie cameras are best steadied by your elbows are held close to the body. Additional bracing is accomplished if the camera is pressed against the chest bone below the eye looking through the viewfinder.

For overall steadiness, feet should be comfortably placed about shoulder width apart. As far as holding the camera goes, try for a firm but comfortable grip and be sure your fingers are clear of the lens.

With waist-level-type cameras, the neck strap is a big aid to steadiness. A rock-steady position can be taken by bearing down firmly on the neck strap.

There is one basic rule that always applies, regardless of the type of camera used, "Breathe!" Don't breathe up the shutter release. Breathe out slowly and hold it. This will help you to keep the camera steady. Try practicing the camera motion with your camera when unloaded.

In support of these steadiness techniques there are available objects such as doorways, balconies, railings, chair backs, table tops, tree trunks and large boulders—all of which provide a shoulder for the photographer to lean upon.

Camera steadiness is the most important single improvement you can give your snapshots.

Local Wrestler to be Featured on Card

The Drayton Valley Curling Club will be the town appearance of a local now turned pro.

Don Fahr, son of local businessman "Red" and Mrs. Jean Fahr, has been going through a rigorous training program, and has now become one of the touring professionals in the wrestling world. The touring professionals are promoting the Drayton Valley Curling Club on Friday, September 13th.

Ron is a member of the well-known group "Big-time Wrestling". Other top-notch wrestlers, such as the Osborne Brothers, midgets and well-known nats-men will be on hand for the big event. Further on this will be printed in next weeks paper. The Osborne Brothers are promoting the card, which is being locally sponsored.

We are sure we don't have to urge you all to come out to this card on September 13th to see your local wrestler and to boot Ron on his way up.

Football Season Gets Underway

With the autumn season coming on, the most on the local athletic field is once again turning toward Canadian Football.

This fine sport of athletics introduced in Drayton Valley five years ago has gained wide popularity and has been thoroughly enjoyed by many of our youth.

Last season approximately 800 boys took part in this program. We had two teams in the town league and one team which played exhibition games with various teams from other areas. We had no high school football last year.

This year prospects are good for another successful football season. We will have at least two Pee Wee teams in the town to twelve age group. These two teams will play in the town league.

Their schedule will open on Saturday September 14th and will close with the Finals. We have the boys eight games on Saturday plus a

"RAFTING DOWN THE RIVER ON A SUNNY AUGUST DAY" might be the theme song for this interplay of joy which made the long trip by raft from Rocky Mountain House to Drayton Valley, Alberta. They officially christened their craft with Saskatchewan River

Left to right they are: Jim Pennington, John Dobson, Dave Thomas, Barry Pringle, Counsellor, (known as "Hawb") Paul Ouellette, Eric Ouellette, George Bennett, and seated at far right is Mr. C.J. Curran, (Captain), general director of Mountain Lake Ranch, Crimston Lake, about six miles from Rocky Mountain House. Mr. Pringle attended Prairie Bible Institute.

Mountain Lake Ranch is owned and operated by the same family Christian Fellowship (A.L.A.) which operates the camp. The camp is a horse-riding camp, but each group of campers also takes a river on a homestead raft. The rafting was the theme of the above group, floating down a river on a homestead raft. LLOYDMINSTER—Dr. Sanderlin led the Skat Shoot on the weekend in the Lloydminster Skat Shoot championship.

The Edmonton boys left but two bauls for the local club. Sanderlin, a relative newcomer, among the clock-shooting class, topped both the class A and B groups. He fired his 12 gauge with authority as well. Although a novice, he won the event, and when the smoke had cleared, Sanderlin was high overall winner with 140 hits in 130 targets.

Myra Maughan of Edmonton was 410 gauge class B champion. Doug Macdonald placed 11th overall. E.C. trophy for the 12 gauge class C title. Last Taylor captured both Lloydminster trophies, the 20 and 12 gauge class B events.

Drayton Valley Emmaus Lutheran Church was the scene of a lovely mid-afternoon wedding when Audrey May Getzinger, the daughter of Mr. and Mrs. John Getzinger, of Drayton Valley, was united in marriage with Mr. James Paul Maclure, the son of Dr. and Mrs. Hugh Maclure, also of Drayton Valley.

Dressed in full attire of white tulle, lace, light-fitting bodice and long sleeves, carrying a white bouquet and a long train, the bride entered the church on the arm of her father. Her lovely shoulder-length veil of sheer nylon was held in place with a crystal comb. Her hair was styled in a classic chignon. She wore the gift of the groom, a diamond necklace, earrings, and a diamond ring. The bride was escorted by her father, and the groom followed. The ceremony was performed by Rev. David Gatzinger, pastor of the church. The wedding reception was held at the church. The bride and groom were surrounded by their family and friends. The reception was a lovely affair. Some have asked about the possibility of a high school football team this fall. This would be ideal, however, so much will depend on the interest shown and the general situation across the levels of the athletic sport.

Practice sessions will be held at the Mountain Lake Ranch field house. All interested persons should contact the Recreation Office for further information about the program. All boys interested in playing football should register and equipment will be drawn next week. Further news about the program is next week's paper.

Federal Construction Possible In 1966

The Federal Government has given its assurance that they will expedite their portion of the Highway Act as soon as the Provincial Government has completed its portion of the Highway Act. This was the date provided by the Highway Act for the completion of the highway.

The news of the additional construction will be welcome news to all people who took part in the Annual David Thompson Centennial Celebration. This year's celebration of the highway proved to be one of the most successful and enjoyable of the celebration. Construction of the new grade will do a great deal to solve this problem.

As well it will now make it possible to go from Rocky to fully developed highway.

FROM LEGISLATURE

The Alberta Liberal Association has written the federal Ministers of Justice and Health and Welfare to ask for study and legislation to combat narcotics addiction similar to bills now before the United States Congress.

Association President David McDonald said that the Association had studied the problem since last January, when the Association's annual convention passed a resolution requesting the federal government to "study the possibility of revising the criminal law in relation to addicts to further a more modern approach to the problem of drug addiction."

Mr. McDonald had been in correspondence with Senator J. K. Jarvis of New York, who on June 26 introduced legislation in the United States Senate to combat narcotics addiction. The legislation was co-sponsored by Senator Robert F. Kennedy.

The Jarvis-Kennedy Bill has four points:

1. Instead of criminal prosecution of persons charged with narcotics offences, they could be committed before trial for medical treatment and probationary aftercare.
2. Expansion of the use of parole, probation and suspension of sentence as tools to rehabilitate convicted defendants, particularly youthful addicts.
3. Provision of a wide range of services, job training, family counselling and psychiatric treatment to ex-addicts to enable them to re-enter the community.
4. Construction of facilities for medical treatment, especially outpatient clinics for the criminal period of aftercare and adjustment of those who have been taken out of narcotics.

Mr. McDonald pointed out that these proposals are not to be confused with the so-called British system of allegedly maintaining addicts on free narcotics supplied by the Government. While study and research is going on to determine whether such a system would be viable in North America, he said that the controversy over such a plan should not cause immediate action in Canada along the lines now likely to be adopted by the United States Congress.

Conscience is a safe guide only when God is the guide of the conscience.

CHAMBER OF COMMERCE

MEDICARE STATEMENT SUPPORTED.

Premier Manning's stand on Medicare is strongly supported by the Alberta Chamber of Commerce.

The Chamber of Commerce believes that the people of Alberta must be left free to choose the best possible type of medical care to suit their individual needs, and that the wide freedom of choice will maintain and raise the present high standard of medical care. The Chamber accordingly opposes the features of compulsory medical insurance which it feels most onerous on the individual and his choice of doctor, and on the doctor and his freedom to practice as he best knows how.

The Alberta Chamber is opposed to any Government takeover, or of private medical prepayment plans. After a takeover, the individual would have no freedom of choice. It would have to accept whatever medical service was offered by the single compulsory government plan. There would be no incentive for any such government plan, as a self-regulating monopoly, to make itself any more satisfactory or convenient to the people. It is supposed to serve.

SHOW TIME - 8:00 P.M.

Saturday August 28 "GOOD-BYE CHARLIE" Tony Curtis, Debbie Reynolds, Pat Boone
Monday August 30 "GOOD-BYE CHARLIE" Tony Curtis, Debbie Reynolds, Pat Boone
Tuesday August 31 "THE FALL OF THE ROMAN EMPIRE" Samuel Bronston, Sophia Loren, James Mason
Wednesday Sept. 1 "THE FALL OF THE ROMAN EMPIRE" Samuel Bronston, Sophia Loren, James Mason

would have to accept whatever medical service was offered by the single compulsory government plan.

The Chamber is concerned, also, with the "inevitable increase in the cost of any compulsory universal medical care. Compulsory universal medical care for everyone is often compared with compulsory public education for all children.

Soft Ball TOURNAMENT

The Drayton Valley Angels have been playing pretty much all summer long. So much so that people ask, "Who are the Angels?" Therefore, let it be known that the Angels are making up an impressive softball team, the Drayton Valley Ladies Intermediate Softball Team and one of the outstanding organizations of its kind in this part of the province.

Despite the frequent inclement weather earlier in the year, and the many inconveniences of the vacation months, the Angels have played a good number of ball games during the past season. Win of four, the Angelic group have always produced and exciting and electrifying brand of softball that has made them favorites wherever they played.

With the season rapidly coming to an end, the Angels are offering the people of Drayton Valley to witness a whole of a game of this wonderful sport. They are sponsoring and hosting a tournament on August 28 which will feature eight outstanding ladies' teams from the surrounding communities and including the home team. Among the visiting teams for the tournament are: Warburg, Rimbey, Keep Hill, Inverville, Tomahawk and possible others. The tournament will be played off at the Lions' West Valley Recreation Centre and the first game will get under way at 5:00 p.m. It is hoped that all play will be finished and a winner established by 7:00 P.M.

A total of \$170.00 in prize money will be on the line for this tournament. The winning team will receive \$100.00, second place \$50.00, third place \$20.00 and the third place squad. The team finishing the day on top of the heap will also receive a beautiful trophy sponsored by the host team.

The Angels' Softball organization will also have a concession booth open during the entire tournament. The booth will be situated in the vicinity of the gymnasium grounds in the southeast corner of the park. With the holiday season still in full swing the girls may be short of help in the different places of operation involved in the tournament. Any assistance that could be offered in any way would be much deeply appreciated.

Above all, plan to attend Saturday's games. The ladies, have done a lot of work and an excellent job in organizing this fine softball tournament. They deserve your wholehearted support in the venue.
